LightWing Studios Invited To NASA 2011 Small Business Expo

LightWing Studios announced today it has been invited to participate in the NASA 2011 Small Business Expo to be held in Port Canaveral, FL on October 18, 2011. The Expo is sponsored by NASA/KSC Prime Contractor Board, 45th Space Wing, and Canaveral Port Authority and features approximately 175 businesses and government exhibits.

“We’re excited to have to opportunity to demonstrate our AxeGlove® Generation II Guitar Protection System product line at the Expo. It is fantastic that NASA Kennedy Space Center is reaching out and diversifying its support of the local business community.” said Patrick Pearce, President of LightWing Studios. “AxeGlove is always customer driven. We’re continue our tradition of a truly player designed product which is Made In America with 100% Green Materials. As a result, we now offer over 25 models and a total of 150 versions for Right and Left handed players.” said Chief Designer Lyuba Pearce.

AxeGlove® is a complete, two (2) piece system which encompasses BOTH the neck and body of solid body electric guitars and basses is now offered for Gibson, Fender and Paul Reed Smith guitars as well as Fender Precision and Jazz basses. Additionally, the AxeGlove® provides a “PickPocket”™ guitar pick storage pocket within inches of the players hand.

AxeGlove® is designed to be used at Home, Live or in the Studio and provides unimpeded access to all controls and inputs when utilized.

The custom, form fitting design for each model offers protection against wall hanger & guitar stand finish damage, minimizes belt buckle abrasions and provides overall protection to 80% of the body/neck thru its unique DOUBLE LAYER Cotton Flannel construction when fully deployed. AxeGlove® also absorbs sweat & moisture thereby offering further finish protection, especially on Nitro Cellulose finishes and is washable.

AxeGlove® installation / removal takes but a few minutes; slip on the body and slip on the neck which is secured via three (3) belts across the fingerboard using Velcro pads. All models are offered in six (6) Standard colors; Red, Black, Tie Dye Red, Tie Dye Blue, Desert Tan and Royal Blue.

Pricing is \$34.99 and includes FREE shipping worldwide. For more information, visit their website at www.AxeGlove.com.
