The AxeGlove

Extraordinary innovation hits the Guitar World today. The AxeGlove is designed to protect your favorite guitars against belt buckles, guitar stands and guitar hangers by using washable two-piece neck and body double layer cotton flannel as a buffer. The AxeGlove comes in shapes for Strats, Teles, Les Pauls and SGs. It is designed to allow players to jam with the AxeGlove on their guitar, and also has a "pick pocket" to store extra picks...and it's Made in the USA!
